We have always known there was music in Mr. Stratton, and the "Glass Fountain" does credit to his enterprise, taste and liberality.

LOUISVILLE.

MONDAY MORNING.....MAY 6.

The Voice of the State—More Money.

Our columns are so crowded that we find it impossible to make room for the proceedings of county meetings, and the hundreds of communications that are pouring in upon us from every section of the State, or even to give them an extended notice.

Hence we are reduced to the necessity of merely acknowledging the receipt of such, and intimating briefly to the public their contents.

Public meetings have been held at the following places in Kentucky, by each of which strong Southern resolutions were adopted, in almost every case without one dissenting voice:

CUMBERLAND COUNTY.—At Burkesville, April 26th, the speeches were made by NAT. GAITHER, Jr., of Adair, and Judge BOLES, the able Senator from the Cumberland Senatorial District, and good resolutions adopted, one vote only in the negative.

NELSON COUNTY.—Mr. WILLIAM JONES and Mr. WICKLIFFE, of Bardstown, met in discussion at Bloomfield, in Nelson county, on the 27th, and as might have been expected from the ability of Mr. JONES on the one hand, and Mr. WICKLIFFE on the other, the resolutions were completely adopted, and the friends unwilling to face the music, had been compelled to withdraw at this time by a proclamation from the President.

The first business in order was the call of a meeting, and new names were called which were not responded to.

The President stated that a quorum was present, and that Congress was now ready to act.

Mr. Walker, of Alabama, said that there were two new members present from his State who had not yet been elected to the House.

Mr. Clayton, of Mississippi, announced that Mr. J. A. Orr, (the successor of Mr. W. C. Wilson) was also present, and that he had been called to the bar.

Mr. Moore, of South Carolina, was present, and had been elected by the President to come forward and qualify.

Messrs. Davis, Jones, Wigfall and Orr were present, and had come forward, and subscribed to the Constitution.

Mr. T. R. Cobb, of Georgia, said that as a quorum was present, and the Constitution had been ratified, the election of the President, he moved that a committee of three be appointed to wait on the President, and inform him that Congress was now ready to act.

The President appointed Messrs. T. R. Cobb, James Clanton, Jr., John W. Stevenson, and others.

The committee retired, and in a few minutes returned, and stated that the President would in a few days communicate in writing to Congress.

Mr. T. R. Cobb was present, and he stated that the resolution, which had been adopted, was to be submitted to the Constitutional Convention.

Mr. T. R. Cobb, of Georgia, said that the resolution, which had been adopted, was:

*"Resolved in the Confederate States of America, That the Constitutional Convention of Congress be authorized to appoint an assistant in the place of A. C. Blair, Esq., resigned."*

The President presented a Congress of the Southern Rights men of the country.

After the resolutions were adopted, the gentlemen present pledged themselves to arm and equip two military companies, and took steps to make the pledge good.

NEAL COUNTY.—At Bardstown, on the 29th ult., the resolutions of the meeting held in this city on the 16th of March were unanimously adopted by a large meeting, and cheering cheers for a "United South." Speeches were made by T. L. BURNETT, of Spencer; W. M. JOHNSON, of Nelson; E. E. WILSON, of Bardstown, and much enthusiasm was displayed. After the speaking, an artillery company was formed and organized, GEO. SCHAUER, Captain; LUD. MCKAY, Jr., First Lieutenant; D. SIMMONS, Second Lieutenant; E. E. MCKAY, Third Lieutenant.

CHRISTIAN COUNTY.—A meeting of the voters of the vicinity was held at Oak Grove, in this county, on the 29th of April, Dr. JOHN BEAL in the chair and W. T. BLACKBURN Secretary. The resolutions adopted by acclamation are words of the loyal Southern Rights men of the county.

After the resolutions were adopted, the gentlemen present pledged themselves to arm and equip two military companies, and took steps to make the pledge good.

GRAVES COUNTY.—An immense crowd gathered at MAYFIELD on the 23d of April, with the expectation of hearing Mr. BRECKINRIDGE, who had, by some misunderstanding, been announced to speak on that day.

Having organized some military companies, and formed the old men into a Home Guard, they received their arms, and a public meeting, with Col. W. Y. McNeely in the chair, young Southerners resolutions were adopted, and stirring speeches were made by Col. LOCKHORN, A. R. BROWN, A. T. WRIGHT, and others. The county is a unit.

FRANKLIN COUNTY.—R. W. SCOTT, Esq., and W. G. CRADOCK addressed the people of Franklin, Franklin county, on the 24th ult., both of them taking strong Southern ground and opposing neutrality as an absurdity and impossibility. They were both in favor of arming the State at once and effectually. Our correspondent says the people of that neighborhood are all in favor of a united South.

CHRISTIAN COUNTY.—On the 24th ult., a Southern Rights meeting was held at Pennsboro, Christian county, at which about 200 were present. The audience enrobed themselves for a unanimous vote, and formed four Home Guards. Of the whole number, except three Union men, the Confederate flag was hoisted, and undying devotion to the cause of Southern independence was proclaimed.

Mr. Witzers asked the question whether there was anything in the message that should prevent its being read in public.

Mr. Teomes replied that there was not. The message was then read in a very direct tone by Mr. Dickson.

When the message was read, the President of Congress asked what action should be taken with the accompanying documents.

Mr. Witzers desired that they should not be read in public, and moved that Congress close session.

The motion prevailed, and Congress adjourned in session about an hour, when they adjourned until to-morrow.

Plan of the Abolition Campaign. The correspondent of the Philadelphia Enquirer predicts that the following is the plan of Lincoln's Abolition raid on the South:

By putting together the facts which I have learned from various officers sent from Washington, it becomes quite evident that the War Department has made arrangements for carrying on the war in the South, and that the whole is yet infinite, and with a vigor and determination that must insure success. The first operations of the campaign will be the military occupation of the Southern cities, and the reconstruction of the South.

The future operations of the campaign will depend entirely upon the resources of the South, and the part of the P. O. Department, and the balance of the forces.

Mr. Witzers asked the question whether there was anything in the message that should not be read in public, and moved that Congress close session.

The motion prevailed, and Congress adjourned in session about an hour, when they adjourned until to-morrow.

BARKIN COUNTY.—An enthusiastic meeting was held at Cadiz, on the 27th of April, Dr. T. M. WOODBINE presiding, H. B. FAULKNER, Secretary. Their resolutions are emphatic and Southern. If the Legislature should refuse to provide the people of the State with the means of defending their homes and protecting their property, they seek their County Court to lay a tax for arming the county.

HARLAN COUNTY.—A correspondent writes from Harlan County, that he was present at a meeting there, which was well and eloquently addressed by DAVID E. LYTTLE, of Clay county, in favor of the South. His eloquent sentences and impassioned language were received with loud applause and prolonged cheering by the people. The people seemed united.

The young men of Glasgow held a Southern Rights meeting on last Friday night. Captain J. P. Nuckles was called to the Chair, and L. D. Rogers appointed Secretary. The meeting was addressed by Capt. J. P. Nuckles, Dr. B. Lawless, Dr. L. Dodd, Esq., and others. The speeches of the champions of Southern Rights elicited enthusiastic applause, and their sentiments of devotion to the South were expressed in a responsive chord in the hearts of all present.

LOGAN COUNTY.—Old Logan stands foremost in the State for the glorious cause of the South. A correspondent writes as follows from Russellville, under date of the 29th ult.:

This has been a glorious day here for the Southern Rights. At 10 o'clock, Mrs. HENRY, the "Eagle on the Rock," Mrs. HENRY, dressed a large and very enthusiastic assemblage of ladies and gentlemen, and the reverent bursts of applause that interrupted the speech of the speakers, cordial approbation of the listeners. When the speaker demanded to know if we were not a gallant Kentucky, we were going to assume that he meant neutrality. It seemed as if the large concourse, with united voice, thundered forth the words, "We are every gallon of the gallant spirits of the South, who are battling for their honor and their rights, was applauded to the echo, and the entire audience responded with a ringing, eloquent speech; but he seemed to think it was worthy the man and his noble cause."

After he had concluded, the ladies requested him to deliver an address to them at night. He consented, and as I write, the same is going up, which makes the old court house a scene to select the most available points for planting batonets. Scouting parties have also been sent out to recruit, and to ascertain how far the Southern Rights, indicate that they are with those who are fighting the aggressions of the North.

In all quarters of our town the beautiful tri-color is flying proudly to the breeze. Over the principal street is suspended a large American flag, and nearly \$100,000 worth of Southern ladies of this place, are gathered at the depot. As the procession came up town, the gallant champions of Southern rights was greeted with cheers by the men, and with bright

Riverton Delegates to Montgomery. Richmond, April 29.—The State Convention, having advertised for proposals to build the 500 miles of roads in the State, made by the patriotic ladies of this place, on its folds are inscribed, "A United South."

Our town to-day has worn a gaily apparel. The streets were early filled with farmers, their wives, and daughters, all eager to hear the eagle orator. Our bands, including the band of the H. M. Henry at the depot. As the procession came up town, the gallant champions of Southern rights was greeted with cheers by the men, and with bright

smiles and waving handkerchiefs by the ladies.

Volunteering is going on briskly in all the adjoining counties. Logan, hitherto the banner county in politics, will take the lead in resisting fanaticism and aggression.

Extra Session of the Provisional Congress of the Confederates States. MONTGOMERY, ALA., April 29, 1861.

Congress re-assembled to-day at noon, in compliance with the proclamation of President Davis convening an extra session.

It was a gratifying scene to notice the cordial greeting of the statesmen, and the hearty salutes and other demonstrations of welcome, which were interchanged among members as they met this morning in the Congress Hall. And whereas, the President can call a session of Congress in Congress to be held at an earlier date, if there are no difficulties in the way, and whereas, the President has no power to call a session of Congress in extraordinary session.

Now, therefore, I, BENJAMIN MAGOFFIN, Governor of Kentucky, do hereby call a session of the Congress of the Confederate States to be held on the 20th DAY OF MAY, 1861, at the City of Montgomery, Alabama, and making all and making of rules and regulations therefor to be governed in accordance with the laws of the Commonwealth of Kentucky, and the laws of the State of Kentucky, and the laws of the Confederate States.

Given under my hand and seal this 29th day of April, in the year of our Lord, 1861.

A. D. ELLIS, Agent for R. France & Co., 201 Main street, Louisville, Ky.

EDITIONAL NOTE.—It is within the province of an editor, and perhaps his duty, to select from those articles advertised in his columns, those most worthy of confidence and recommend them to his readers. We know of none that will better bear the test of merit and actual value than those articles prepared by Messrs. Hagan & Co. of Troy. These gentlemen are experienced Apothecaries, and such is the confidence reposed in them at home, that almost the whole prescription trade of the city is done by them. Their Hair Restorative (Helmstreet's Inimitable) is beyond a question the best article of the kind manufactured, and serves the double purpose of an invigorant and dressing. The "Magnolia Balm" is a blessing to all who are troubled with plumples or blotches on the face, as it removes them like a charm. myt d1
